Our Mission

The Millbrook Society is a non-profit organization that inspires passion about preserving and protecting the rich history of Hatboro and local communities. We achieve our mission through three interrelated activities:

1. **Preservation**...by collecting and maintaining artifacts, documents, manuscripts, maps, and other historical items.
2. **Protection**...by archeology, and recording and researching historical data on buildings and other assets.
3. **Education**...by presentations, programs, publications, reenactments and related activities.
